## Slain Rights Workers

## Called 'Cockroaches' COYRGHT

The three civil rights work ers killed in the Deep South this summer were "cockroaches who crawled into the State of Mis sissippi to incite violence," Dr Revilo P. Oliver said here las

The professor of classics a the University of Illinois and na tional council member of the John Birch Society told a Tuc son Press Club forum:

"I'm truly astonished at the amount of excitement this ha occasioned. I noticed in Wash ington a white woman was rape while praying in her home church, but I don't hear one peep of indignation from the liberals.

"I'm; not sure who killed those people in Mississippi," h added. "I strongly suspect tha the murder may bave followed a common Communist pattern They either do the work them selves or get someone else to d it for them.

"THOSE PEOPLE are no entitled to one-tenth of the con sideration or sympathy the ave aroused.''

He described the John Birc Society as "a patriotic organi zation whose principal function is to educate the American peo ple . . . we are trying to dis tribute information that is no getting out in other channels.

"We are trying to call peo ple's attention to significan events of which they have neve heard," he added, "as well a those they have heard but for

port which suggested that Dallas police were ready to arrest Lee Harvey Oswald and Jack Ruby at the time that an assassination attempt was made on Maj. Gen. Edwin Walker.

"THE STORY says they did not carry it out as they had been told by a high official in the Justice Department they must not do so because it was a matter of national interest," nedy was almost the equal of

nedy.'

In a talk last night at Doolen Junior High School, Oliver suggested that if Communist plans had not gone astray, we would have had "a national Saturnalia of legalized violence under cover of which the international conspiracy could have gained control of the whole nation."

He received a standing ovation from a near-capacity crowd as he added:

"You may owe your life or at least your liberty to the vigilance and sagacity of Officer J. D. Tippit, the policeman who stopped Lee Harvey Oswald on the street and was murdered by the conspiracy's well-trained but not infallible agent.

"It's easy to see what could have happened had everything gone smoothly in Dallas," he added. "There could have been a complete breakdown of law and order everywhere.

"The numerous vermin that have been living for years in ill-concealed anticipation of the glorious day when they will be able to hack Americans to pieces could have started loot-

ing, burning and murdering."
OLIVER SAID Oswald had been trained in Moscow and assigned to Dallas. He would have made his-escape after the sharp police work.

Debunking what he called the "adoration" for the late Presi-

this official in such a way that Perry Mason in the television it could only be Bobby Sox Ken- series. He was able to recite quite convincingly the lines written by Salinger, Schlesinger and other word twisters whom the taxpayers hire to confuse them.

"At times he sounded American and made sense, and he seemed entirely credible until you realized how his achievements differed from his announced intentions."

He said Kennedy's "well-rehearsed" funeral was "up to the technical standards of Cleopatra and Bon Hur."

Oliver said a "Kennedy cult" has grown up since the assassination.

"I've received letters from people who wanted to know how it was possible for anyone to be so debased as to criticize the greatest man who ever lived, he said.

He quoted a letter from a man who called Oliver a "hatemonger" and then threatened to squash his eyes out. "That one's from a love monger," Oliver

"The adoration of a semi-divine leader is an example of the socialist mentality," he added.

"LIBERAL intellectuals stand on their heads and tell you that the world is upside down," he said. "Not one of them ever proposed or approved assassination, but for Tippit's anything that would bring \$1 of profit to the American people.

"They've always taken for granted that the taxpayers' dent, Oliver said: "Jack Ken- money should go to people who are too stupid, too lazy or too savage to work."

He cited the Central Intelligence Agency as "a body that has done the work of the So-

viet secret police for years." Oliver's appearance here was sponsored by the American Opinion Bookstore, 1695 N. Mag-
